Q1: Peer evaluation Google Form

Fill out the peer evaluation Google Form to receive credit.

Q2: Your Analysis

Write roughly 300-500 words introducing your research question and analyzing data to respond to your question. References should be generated using R Markdown footnotes, as you did in MP2.¹

Q3: SQL Query

Use SQL to query data here (change the “SHOW DATABASES;” query to your SQL query).

```
SHOW DATABASES;
```

Table 1: 7 records
